

# MEXICAN CARIBBEAN

## Road Map

Río Huach is located 400 Km. South of Cancun in the **Costa Maya** area. The detailed route is as follows: Exit Cancun, pass through Playa del Carmen, Tulum, Carrillo Puerto and 3 km. South of Limones town there's the detour to Majahual; 5 km. right before getting to the actual town of Majahual we take the detour heading South to Xcalak. Following that road on the 29 km. marker we take the path to the left until we reach the coastal line path, here, we make a right heading South and 10 km. when we reach the river we are at the North limit of The Rio Huach Complex.

## Where are we located?

Where the clear waters of the Mexican Caribbean meet the beautiful beaches of the **Costa Maya** area, only 39 Km. South of Majahual on the coastal road to Xcalak.

## How do I get from the Costa Maya Cruise Ship dock?

For the adventure lovers there is a coastal road from Majahual's Cruise Ship dock heading South, that will take you through a tropical landscape and beautiful beaches.

# Welcome to Río Huach!

Blended into the scenery of this little piece of paradise, our spacious, comfortable Palapas are the perfect place to relax. Each ocean front Palapa is decorated with rustic furniture with independent terrace, hot and cold water, ceiling fan, etc.

We also have a Restaurant that offers Mexican and International cuisine, pool, bar, laundry, Internet, telephone, game areas and so much more.

Other facilities are: Massages, beach club, diving and school center, souvenir store, bicycle rental, 127 and 220 Voltage.

Our hotel is the perfect stage to enjoy wonderful natural events. For example: One starry night, the moon, the sunset and dawn of the Mexican Caribbean.

Let the sounds of the sea lull you to sleep and become one with nature, experience the peaceful atmosphere that can only be found in Río Huach.

...Because we care for nature  
we can share it...

## Diving

We operate in the exclusive and most important protected zone of the Costa Maya area.

Over 20 diving sites formed mainly with channels, marine terraces, caves, tunnels, canyons, coral gardens and plenty of Caribbean marine life. Depths between 25 and 100 feet make Río Huach an easy and safe place .
